Dashing speed and accuracy

Full numeric physical keypad

Programmable four function keys

Android 11

Benefit from the latest Android OS

The latest Android OS offers the best user interface and one of the highest levels of security in any mobile device. Compared to legacy Android of PM66, Android 11 offers more efficient battery management, multiple Bluetooth connections, and faster and smoother touch interface.

PM67 is GMS certified to support all the official APIs.

Worry-free migration

All new Android OS is developed in a way that preserves compatibility with applications developed for earlier versions.

For more information about how this works, visit the link below:
https://developer.android.com/guide/topics/manifest/uses-sdk-element - ApiLevels

Android Enterprise Recommended

Certified devices that meet Google's strict enterprise requirements **(Pending)**

Android Enterprise Recommended

Best rugged devices for business
PM67 will be validated against a specific set of elevated requirements.

☐ **Specification**
Minimum hardware specs and durability requirements

☐ **Enrollment**
Supports Android zero-touch enrollment & QR code bulk enrollment

☐ **Security**
90-day security updates guaranteed for five years

☐ **Apps**
Default apps for consistent work profile experience

https://www.android.com/intl/en_us/enterprise/recommended/

Gun Handle

Robust Plastic Housing

Integrated Scan Button

Ergonomic Gun Handle

Gun Handle

Optionally available is a gun handle that PM67 slides onto. It adds additional ergonomics to the user experience and makes scanning easier, as a scan button is integrated into the gun handle.

Backward Compatibility

Compatible with PM66 accessories

While PM67 enjoys upgraded performance, it has the same form factor as PM66. **PM67 is compatible with all PM66 accessories** except for the micro USB Type B cable which keeps the cost per device on a low: simply re-use existing accessories such as Single Slot Cradle, Battery Charger, etc.
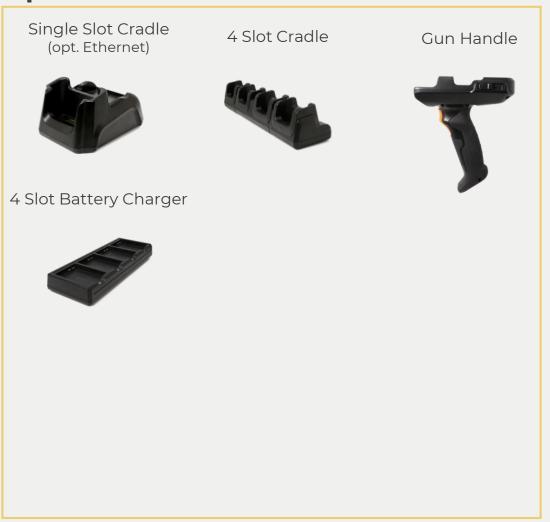

* You can use PM67 with PM66's Single Slot Cradle (opt. Ethernet) but not the RS2324 function.

Accessories Overview

PM67 is compatible with PM66 accessories

POINT Mobile

Standard

AC/DC Power Adaptor

Country Plug

Hand Strap

Battery (4,200mAh)

Stylus Pen & Tether

LCD Protection Film

USB Type-C Cable

Optional

Single Slot Cradle (opt. Ethernet)

4 Slot Cradle

Gun Handle

4 Slot Battery Charger
